

The Map of the Open Space Area is incorrect.

The legal description of the Open Space Area does not match the shaded area of the map; about **10 acres are missing**. The Open Space Area stipulates the top half or North 672' of parcel 65- 034-4100, which, according to LWBC, is 17.2 acres. The map's shading of the Open Space Area does not extend across the top half of the lot; the NE ¼ is excluded from the shaded Open Space Area.
